Dear Sir:

In view of the following amendments and remarks, further and favorable consideration of this application is respectfully requested.

AMENDMENTS

In the Claims:

Please add the following claims 17-20:

17. (Added) A method of initially configuring the wireless communication device of claim 1, said method comprising the steps of:

transmitting the initial configuration information from a source external to the wireless communication device;

receiving the initial configuration information by the passive tag storing the initial configuration information in the non-volatile memory;

A!
